

Reloved to Taggy Account and Data Migration Terms

Effective date: [insert publication date]

Migration deadline: 30 September 2026 at 11:59 p.m. UAE local time

1. About these Migration Terms

Pre Amada FZC (Reloved) operates the Reloved marketplace and related services.

Taggy FZC (Taggy) has acquired the Reloved business, and the Reloved service is being integrated into the Taggy platform. As part of this process, eligible Reloved customers are being offered the opportunity to migrate their account information to Taggy.

These Migration Terms explain:

- what information may be transferred;
- the migration options available to you;
- what will happen if you decline or do not respond;
- how your information will be handled before and after migration; and
- the terms that apply when you consent to the migration.

These Migration Terms apply only to the migration of your Reloved account to Taggy. They do not replace the terms that applied to transactions previously completed through Reloved or the terms that will apply to your future use of Taggy.

2. Your migration options

You may choose one of the following options:

2.1 Transfer your account and eligible inventory

You may authorise Pre Amada FZC (Reloved) to transfer your account information and eligible inventory to Taggy FZC.

This option may include the transfer of:

- your Reloved profile and contact information;
- the bank or payout details linked to your Reloved account;

- your eligible inventory and associated listing information, including photographs, descriptions, prices, categories and item condition; and
- administrative information required to create and verify your Taggy account.

Furniture and other unsupported inventory will not be transferred.

2.2 Transfer your account without inventory

You may authorise Pre Amada FZC (Reloved) to transfer your profile, contact information and linked bank or payout details to Taggy FZC without transferring your inventory.

Under this option, none of your Reloved inventory listings, listing photographs or item descriptions will be transferred to Taggy.

2.3 Decline the transfer

You may choose not to transfer your Reloved account or inventory to Taggy.

If you decline, Pre Amada FZC (Reloved) will not transfer your information to Taggy for the purpose of creating a Taggy account.

3. Information covered by the transfer

Depending on the option you select, the information transferred may include:

3.1 Profile and account information

This may include your:

- name;
- username;
- email address;
- telephone number;
- profile image;
- delivery or collection address;
- account preferences; and
- other profile information you provided to Pre Amada FZC (Reloved).

3.2 Bank and payout information

This may include the bank account or payout details connected to your Reloved account, where those details are legally and technically capable of being transferred.

For security or verification purposes, Taggy may require you to confirm or re-enter your bank details before you can receive payouts through Taggy.

The transfer of your bank details does not transfer any money, account balance or outstanding payout. Any outstanding payment owed in connection with Reloved will be handled separately in accordance with the applicable Reloved terms and transaction records.

3.3 Inventory information

When you select the account and inventory transfer option, the information transferred may include:

- item photographs;
- listing titles and descriptions;
- brand, size and category information;
- item condition;
- listing price;
- listing status; and
- other information directly associated with an eligible listing.

Any information not expressly described in these Migration Terms or on the migration selection page will not be transferred unless you are separately notified.

4. Furniture and unsupported inventory

Taggy does not currently support the sale of furniture.

Furniture listings, furniture photographs, furniture descriptions and other information relating specifically to furniture inventory will not be transferred to Taggy, even where you select the account and inventory transfer option.

Other inventory may also be excluded where it is:

- outside the categories supported by Taggy;
- prohibited or restricted under Taggy's policies;
- already sold, removed, cancelled or duplicated;
- incomplete or technically incompatible with Taggy; or
- otherwise ineligible for publication on Taggy.

The transfer of an inventory listing does not guarantee that the listing will immediately be published or remain available on Taggy. Taggy may review, reformat, recategorise, temporarily withhold or remove a transferred listing in accordance with its platform policies.

5. Creating your Taggy account

Where you provide valid consent to transfer your account, Taggy FZC will create a Taggy account using the information transferred by Pre Amada FZC (Reloved).

Subject to you providing complete and accurate information and completing any required verification, your Taggy account and selected information will be migrated within **45 calendar days** after Pre Amada FZC (Reloved) receives your valid migration selection.

Taggy will contact you using the email address or telephone number registered to your Reloved account when your Taggy account is ready or where further action is required.

For security reasons:

- your Reloved password will not be transferred;
- you may be required to create a new Taggy password;
- Taggy may require identity, telephone number, email or bank account verification; and
- access to certain Taggy features may remain restricted until verification has been completed.

Where you already have a Taggy account, Taggy may contact you to link or combine your transferred information with your existing account instead of creating a duplicate account.

6. Consent and acceptance

By selecting either transfer option, actively confirming your choice and submitting the migration request, you:

1. confirm that you have read, understood and accepted these Migration Terms;
2. expressly authorise Pre Amada FZC (Reloved) to disclose the information covered by your selected option to Taggy FZC;
3. expressly authorise Taggy FZC to receive and process that information for the purposes of creating, verifying and operating your Taggy account;
4. authorise the copying and transfer of eligible listing photographs, descriptions and other listing content where you have selected an inventory transfer;
5. confirm that you are the authorised holder of the Reloved account;
6. confirm that, to the best of your knowledge, the information connected to your Reloved account is accurate; and
7. acknowledge that Taggy's Privacy Policy will apply to Taggy's processing of your information after Taggy receives it.

Your migration consent is limited to the purposes described in these Migration Terms. It does not automatically provide consent for Taggy or Reloved to send you optional marketing communications. Any marketing consent should be requested separately.

7. Data protection and responsibility for your information

Until your information is transferred, Pre Amada FZC (Reloved) will continue to process it in accordance with the Reloved Privacy Policy and applicable law.

Once Taggy FZC receives your transferred information, Taggy will be responsible for its processing in accordance with:

- the Taggy Privacy Policy;
- the Taggy platform terms applicable to your future use of Taggy; and
- applicable data protection law.

Pre Amada FZC (Reloved) may retain limited copies of certain information after migration where necessary to:

- comply with legal, regulatory, accounting or tax obligations;
- administer an existing or previous transaction;
- respond to a complaint, refund, return or dispute;
- prevent or investigate fraud or misuse;
- maintain evidence of your migration selection or consent; or
- establish, exercise or defend legal rights.

Any information retained by Pre Amada FZC (Reloved) will continue to be handled under the Reloved Privacy Policy and applicable data-retention requirements.

Pre Amada FZC (Reloved) and Taggy FZC will use appropriate technical and organisational measures to protect information during the migration process. They may use contracted service providers to assist with the secure transfer, storage, verification and processing of information.

8. Changing or withdrawing your migration request

You may change or withdraw your migration request before your information has been transferred by contacting Pre Amada FZC (Reloved) at **[insert Reloved privacy or support email]**.

A request to withdraw submitted after the migration process has started may not be capable of stopping any transfer that has already been completed.

Once Taggy has received your information and created your account, you may contact Taggy to:

- correct inaccurate information;
- request access to your information;
- request closure of your Taggy account;
- request deletion of eligible information; or
- exercise any other applicable data-protection rights.

Withdrawal of consent will not affect processing or transfers lawfully completed before the withdrawal was received. Certain information may also need to be retained where required by law or in connection with transactions, payments, fraud prevention or disputes.

9. Migration deadline

To migrate your Reloved account, you must submit your transfer selection no later than:

30 September 2026 at 11:59 p.m. UAE local time.

From **1 October 2026**, the migration option may no longer be available.

Pre Amada FZC (Reloved) may consider a late request at its discretion where migration remains technically possible, but it is not required to do so.

10. What happens if you decline or take no action

If you decline the migration or do not provide valid consent before 1 October 2026:

- your Reloved account will not be transferred to Taggy;
- Taggy will not create an account for you through this migration process;
- your inventory will not be transferred to Taggy; and
- your information will remain with Pre Amada FZC (Reloved) until it is deleted, anonymised or otherwise handled in accordance with the Reloved Privacy Policy, applicable law and Pre Amada FZC's data-retention requirements.

Taking no action will not be treated as consent to the transfer.

Pre Amada FZC (Reloved) may retain information for as long as reasonably necessary to meet legal, accounting, payment, fraud-prevention, complaint-handling or dispute-resolution obligations. Information that is no longer required will be securely deleted or anonymised in accordance with the applicable retention process.

11. Existing orders, payments and disputes

Any purchase, sale, refund, return, payout, complaint or dispute arising through Reloved before your migration remains subject to the Reloved terms and policies that applied at the relevant time.

Migrating your account does not:

- cancel an existing transaction;
- waive any amount owed to or by you;
- alter your rights in relation to a previous purchase or sale; or
- release you, Pre Amada FZC (Reloved) or Taggy FZC from an existing legal obligation.

Pre Amada FZC (Reloved) and Taggy FZC may separately notify you where responsibility for administering an existing matter has been transferred.

12. Your inventory and content

When you request the transfer of your inventory, you confirm that:

- you own the relevant items or are authorised to sell them;
- the listing information is accurate to the best of your knowledge;
- the listing photographs and descriptions may lawfully be transferred and used for the migration;
- your listings do not knowingly infringe another person's intellectual-property, privacy or other rights; and
- the bank or payout account linked to your account belongs to you or you are authorised to use it.

Following migration, the continued publication and sale of your inventory will be subject to Taggy's applicable seller terms, prohibited-items policy and other platform rules.

13. Migration availability and accuracy

Pre Amada FZC (Reloved) and Taggy FZC will use reasonable care to transfer selected information securely and accurately.

However, differences between the Reloved and Taggy platforms may mean that:

- information is displayed or formatted differently;
- a category or item status is changed;
- certain unsupported fields cannot be reproduced;
- an inventory listing requires additional information or review; or
- a temporary interruption occurs while the migration is completed.

You should review your Taggy profile and transferred inventory after activation and promptly report any missing or inaccurate information.

Neither Pre Amada FZC (Reloved) nor Taggy FZC guarantees that transferred inventory will be published, viewed, purchased or sold.

Nothing in these Migration Terms excludes or limits any liability or consumer right that cannot lawfully be excluded or limited.

14. Changes to these Migration Terms

Pre Amada FZC (Reloved) may update these Migration Terms where reasonably necessary to clarify the migration process or comply with legal, regulatory, security or technical requirements.

Where a proposed change would materially expand the information transferred or the purposes for which it will be used, you will be provided with an updated notice and asked for additional consent where required.

15. Governing law

These Migration Terms are governed by the applicable laws of the United Arab Emirates.

Any dispute relating to these Migration Terms or the migration process will be subject to the jurisdiction of the competent courts or tribunals of the United Arab Emirates, unless mandatory law requires otherwise.

16. Contacting us

Questions about the migration or information held before transfer should be directed to:
